The Examiner made this office action non-final in order to afford the applicants yet another opportunity to distinguish the claimed invention from the disclosure of the cited reference by either excluding the embodiments of the cited references from the scope of the invention claimed in the instant application, or by providing factual evidence that the compositions disclosed in the reference are incapable of being foamed (or for the foam claims, that the properties of the foams obtained from the claimed compositions are unexpectedly different from the properties of the foams that can be obtained from compositions of Zolotnitsky), as discussed in the Office actions dated 11-27-2007 and 3-19-2008.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Irina S. Zemel whose telephone number is (571)272-0577. The examiner can normally be reached on Monday-Friday 9-5.
